an Argentine lady, Mrs. Capdevilla, the mother of the distinguished Argentine diplomatist of that name. She was traveling in a train which was attacked by bandits in the object of killing a political prisoner who happened to be in it. Being unfortunates they first fired at her, but then, finding Mrs. Capdevilla and others, and landing many. In spite of her recent progress, Mexico appears to retain the reputation of being a very dangerous country. The late General Alphonse Daudet, whom Henry James and other critics considered the greatest living author, is still a young man. He not yet reached his fiftieth year. He was born in 1867, and is now thirty-two years of age. His success is of his own making. He is usually he is a very delightful man, a natural conversationalist and a delightful writer. His family consists of a clever wife, and a daughter, who is now nearly twenty years of age. Daudet died his "Sapho" to his two sons, so that when they reached their majority, the health board must now keep its

Call the attention of estancieros to advertisement in another column of Annual Fair to be held in Mercedes in first week of September. One of its attractions will be the famous Leaky Shearing Machine at work. Everybody interested in sheepfarming in Western *paridos* should make it a point to attend the Fair and inspect the working of this wonderful machine.

Talking of distinguished foreigners, we find the following in a Boston paper:—"A chairman who has not been long enough in this country to talk our language with

telling an experience he had while  
asked for information. He must be able  
to relate it in his own words: "I  
speak language American. It is a  
good, true, descriptive. I go to zat  
sit cut my hair, zat have my barbe,  
you call my beard. I ask, 'Wat is

Some British thinkers here surmise  
that Lord Salisbury is feeling his way to  
the new world, and that the Government  
to estimate Russia, and its relations to  
Germany.

the Teuton since Bismarck's withdrawal from public life. John Bull is invariably fooled when he ties his strong arms by alliance with other Powers, and the Crimean war, in which France drew herself to all the 'gloire' and left to get the kicks and pay the halfpence the gross politics of blunder. Some bets were made yesterday as to whether Parliament will sanction the cession of Heligoland.

The following paragraph from the *Chitani* is enough to make the mouths of mining shareholders water all over the world, except those lucky mortals who own "Gold Mountain" in Australia:—

The report of the famous Huanchuca Company for 1889 has just appeared. The trial of the Company is 9,000,000 dollars.

and the year's profits amounted to 50,075 bolivianos or 93 cents, as compared with 2,008,187.68 in 1987. Although the way reaches no further, as present, than it is already tapping the south of Bolivia and transporting goods for Oruro. The shares of the company are held as follows: Chile, 2,823; France 1,983; Bolivia, 1,544; Argentina, 66; Germany, 41; United States, 20; England, 3; -total, 6,007.

### CONGRESS.

The Senate met yesterday, seventeen members being present. The following is summary:—

Francisco Arceiz de Limsdruid asked for \$90 dollars as recompensation of the expenses incurred by the Senate for his

tion rendered to the State by his  
General Lumadrin.  
Díaz Caballeros, Cazon y Cía, propose  
to open a bank for the City improve-  
ment and for small loans.  
R. Catamio, policeman, having concluded  
his term, has asked for a pension.  
Delina A. de Alvarado has asked for a  
pension for the grand children of General  
que Alvarado.  
John H. Wuhlers proposes to establish a  
leather construct moles and docks on  
the Paraná, Uruguay and their affluents.  
F. A. Pierres has asked for a military  
pension.  
The Financial Committee reported fa-  
vourably on the project of loans to the  
National and Provincial Banks.  
The following Senators have been

signed leave of absence: B. Figueroa for  
 sessions, A. Gil for 10, S. Afanor de la  
 Iva 30 and M. Mongués 18.  
 The session closed at 4 p.m.  
 The Loan will probably be passed to-  
 day "sobre tablas" in the Chambers with  
 very slight modifications.
